OBVIOUS OLIVER.

"Speaking of baseball returns," said Obvious Oliver to the Pessimist, "I understand the Review is going to get a detailed report of every game in the World's Series this year."

"It appears to me," countered the Pessimist, "that Bisbee is entitled to something more than a skeletonized telegram on the country's biggest affairs on those days. Five hundred words of telegraph can't tell a great deal about a regular game."

"That is why the Review came to the bat. Its service will be complete, every play will be given in detail. It realizes that the fans of the District must get the information and get it direct and instantaneously," completed Obvious.

The committee recommended the construction of a flume to carry off the tailings. Deposition of tailings in a running stream is forbidden by the Arizona statutes.

REGISTRATION TIME LIMIT.

There remains only two more weeks for state and county registration, October 15th being the last day for such registration under the Statutes of Arizona. October 15th of this year falling on Sunday, however, it is a question as to whether the books shall close on that day or the day afterward, and County Recorder Murphy has applied for an opinion from County Attorney Ross covering the matter. Registrations are coming in at a pretty good rate since the primaries, and it is expected it will pass the 15,000 mark by closing day.

NOTICE TO THE PUBLIC.

We desire to caution the public against the misrepresentations being made by the so-called cooks and waiters union in regard to the number of hours our employees work.

The facts are that the cooks and waiters and all other help employed by us in our restaurant for the past three months work only eight hours for a day's work and we challenge evidence to contradict these facts. Following is the scale of wages we pay:

Cooks, \$4.00 per day, 8 hours.
Waiters, \$3.00 per day, 8 hours.
Dishwashers, \$2.25 per day, 8 hours.
Time and one-half for overtime.
The above wages include board.

LYCEUM SEASON

OPENS AT Y. M. C. A.
ON MONDAY NIGHT

Seven Evenings of Entertainment for Members and Families Starts—Comus Players Slated for Opening Bill.

Wishing to present a program of entertainment that would be worth while for the members of the Y. M. C. A. and their families, the association has engaged, at considerable expense, a seven-number lyceum course, which it is proposed to put on for the exclusive entertainment of the members and their families, to include also the best women friend. The course will be absolutely free, the only requirement for admittance being the membership card, this to be presented at the door by a member or by some member of his family.

The first number of this course will appear at the Association next Monday night at 8 o'clock, and the Comus Players will be the opening feature. The members of the company are well known in dramatic circles throughout the country, having won distinction in the popular Shakespearean roles.

Archibald Reddie, who is the heavy character man of the troupe, has distinguished himself in many western productions of standard plays.

Miss Janet Young, known to many as "Sweetheart of the Northwest," is the leading woman.

Earl Fleischman, a well tutored young actor, is well known to lovers of the drama.

Ralph Ash, who is cast opposite Miss Young, has the physique of the matinee idol, happily combined with rare interpretive ability.

The Comus Players give "Carson of the North Woods", a Canadian classic of frontier life around Quebec. This is a play of strong moral appeal.

As a prelude to the foregoing the Comus Players will give a favorite selection from Shakespeare.
